
Dance Club?

Posted by Rande Kamolz - 2007/12/10 18:08

Would you guys be interested in a regular euro-club night in Club 156?

Yeah, we should do something like that. We could try out a few different themes to see which one gets the better response. This is an easy way to bring in cash.

It totally depends on who we got to DJ. If we promoted it and provided an outlet for people (locals and students especially, and brought DJs from Denver) to spin, I think it would be a great success.

I too accept that it depends on the DJ and the arena, because these are the two important factors that the show would be a hit.

Katelyn attended The Pulse National Dance Convention in NYC and placed in the top 20 and also attended West Coast Dance Explosion Nationals in Las Vegas and placed in the top 10 for soloists.
